

IN THE DRAWINGS

The attached sheets of drawings include changes to FIGS. 8 and 11. These sheets, which include FIGS. 8 and 11, replace the original sheets including FIGS. 8 and 11.

In FIGS. 8 and 11, previously omitted silicon nitride layer 72 has been added pursuant to the teachings at page 5, lines 10-15 and lines 19-25 of the specification as originally filed. Thus, FIGS. 8 and 11 are amended to more accurately illustrate the structure formed by the process described in the specification as originally filed.
